Clark County | October 2009

## SUMMARY | TOTALS

We made some adjustments that altered the numbers for this month. First off, Nautilus exercised a buyout reducing their amount of leased space substantially. Their 275,000 square feet of vacancy distorts the vacancy picture in Clark County and is challenging to demise so we thought it best to remove the building from the report. Additionally, we removed all properties under 5,000 square feet in order to focus more on the larger spaces and save room in the report. Because of these changes, we will not post month over month net absorption for this month.

Leasing activity was relatively healthy this month. Deals are being done but are relatively small in size, scope, and term. We are likely approaching a point where landlords are tightening up their rate and concessions some. There seems to be a mindset that if a space has been vacant this long, it is best to wait it out and not "give away the farm." Tenants should lock in rates and additional term today and landlords may be prudent to sign short term deals to hold them over until business points improve.
